DESCRIPTION:

You're invited to a Fabulous holiday soiree at chez Baumstahl for Jaime Carabetta's riotous new take on the Nutcracker: "Just Nuts". Set in the disco era Los Angeles, "Just Nuts" is a fun-filled celebration of LGBTQ community. Featuring a disco/classical soundtrack, this updated version of the holiday classic begins as the fabulous guests arrive at producer Morty Baumstahl's lavish Hollywood Hills house-party, including celebrity danseur "Barry Nutcracker". You'll want to be there when the clock strikes midnight and the plot takes increasingly twisted turns, culminating at a West Hollywood nightclub.
